

Tim Golding

Web Developer

Personal Summary

A friendly, talented, creative, reliable, ambitious and hard working web developer with a strong technical background and the ability to develop as a professional. Being flexible I am always ready to get the job done. Working well alone or in a team with minimum supervision. I am able to play a key role in website development and can manage all Information Technology within an organisation. I have a willingness to learn and succeed. My achievements to date have enabled me to develop and become a useful asset to any potential employer. I am currently looking for a opportunity to join a dynamic, ambitious, growing company and forge a career as a first class website developer.

Work Experience

Employer: Carswellgould June 2015

Positions: Web developer

Working in a top web design agency producing reponsive cutting edge websites for big clients, gaining a years experience working on drupal based CMS applications. I Worked in a team on £100,000+ web projects, such as elliotts.uk and chichester.ac.uk. At carswellgould I was able to master some of the new technoligies that are being widley used on the web. Using technologies such as drupal and bootstrap frameworks. I also gained knowledge on sass, git source control and became an expert drupal developer in that time. In the first six months after i had passed the probation period and I was nominated for an award for employer of the year.
